Hi Heather – Jacobs was discussing our work schedule for next week with our Subcontractor and we wanted to let you know that our schedule has changed a little. We will be onsite for the tie-back and deadman test pitting work starting on Wednesday September 29 and expect to complete the work on Thursday September 30 while holding Friday October 1 as a potential work day in case of weather delays.

Our underwater diving inspection has been completed and the geophysical survey work is starting today and will continue tomorrow. It was delayed due to standing water on the site.

Please let me know if you have any questions.

Cheers!

Bill

**Jacobs** Challenging today.  
Reinventing tomorrow.

**Subject:** Gorge Dam Bulkhead Wall Forensic Engineering Investigation - Jacobs Field Team Leader Contact Information

Hi Heather – For the upcoming field work at the former First Energy Power Plant Area, I wanted to pass along the name of our field team leaders and their cell phone numbers in case you need to contact them over the next couple of weeks. I will keep you posted on when we demobilize from the site when the work scheduled for the individual weeks is completed.

- Week of September 20 – JBenny Buice (Cell Phone: 678-687-5250)
- Week of September 27 – Jon Tortomasi (Cell Phone: 262-247-5195)

We do not plan to have overnight security during the week of September 20, but there will be overnight security during the week of September 27.

Please let us know if you have any questions.

Cheers!

Bill
